QUINN 6-PIECE DINING SET

SKU: QNN500-D6PC

Transform your dining room into a Mid-Century Modern oasis with the Quinn 6-piece dining set. Unique curved angles are crafted from top-quality oak veneers and Asian hardwood solids and hand-stained in a chestnut finish that warms a room in classic Mid-Century style. The 71-inch table centers the room and comfortably seats six people, making it the perfect choice for hosting dinner parties, family gatherings, or casual meals with loved ones.

The Quinn side chairs and bench both feature solid wood legs and frames with a plush foam cushion that ensures maximum comfort. The chairs also boast a gray chenille fabric with subtle checkerboard stitching that adds a touch of modern whimsy to any space. The warm chestnut finish adds a touch of elegance to any room, creating a modern, sophisticated look that's perfect for any occasion. Upgrade your dining experience with the Quinn 6-piece dining set, and make every meal a special occasion.

- Crafted of Asian hardwoods and engineered woods with oak veneers
- Kiln-dried wood helps prevent warping, cracking or splitting and is more resistant to developing mildew.
- Plastic glides help protect floors from marks or scratches
- 71-inch table seats six comfortably
- The wood is hand-stained in a natural multi-step chestnut finish to highlight the natural grain and knots of the wood
- Chair and bench are solidly built with solid wood legs, framed wooden back and checkerboard stitched back on the chair
- Chair is designed to support up to 400 pounds of weight
- Bench is designed to support up to 660 pounds of weight
- 100% polyester chenille fabric provides a durable and easy-to-clean surface that is more resistant to stains and spills than other fabrics

- All-Weather Resin looks like natural wicker but is made from a more durable synthetic material that can withstand the harsh elements of outdoors
- Resin wicker works well in outdoor elements. Rain does not damage the wicker, it handles humidity well, it withstands hail storms, intense cold and intense heat – making it the perfect material for outdoor furniture.
- Crafted with High Density Polyethylene (HDPE) wicker, the best quality material for synthetic wicker. It's made from material that is highly durable: will not easily crack, brake or chip. HDPE wicker has the color distributed throughout the material so it is fade resistant and waterproof and will not flake or peel off.
- HDPE wicker is infused with UV inhibitors to make it resistant to the damaging effects of the sun's rays Stain Resistant and able to withstand the harsh effects of chemical solvents
- Waterproof and able to withstand the harsh effects of all climates
- Deep cushions are wrapped in solution-dyed acrylic fibers, the ideal fabrics for UV resistance to sunlight. The color is actually part of the actual fibers produced, making it color-fast and water-resistant.
- Solution-dyed acrylic fibers are the ideal fabrics for UV resistance to sunlight. The color is actually part of the actual fibers produced, making it color-fast and water-resistant.
- The key benefits of Solution-Dyed fabric is excellent UV resistance to color fade, superior color consistency and easy cleanability. Because color is part of the fiber, the fabric has excellent color fastness, fade resistance and durability.
- Rated at the highest standard against UV rays with 2000 hours UV-treated Solution-Dying.
- Swivel chair rotates 360° for a comfortable feel of movement,

- Set includes resin wicker Sofa, Chair and Swivel Chair
- All-Weather Resin looks like natural wicker but is made from a more durable synthetic material that can withstand the harsh elements of outdoors
- Resin wicker works well in outdoor elements. Rain does not damage the wicker, it handles humidity well, it withstands hail storms, intense cold and intense heat – making it the perfect material for outdoor furniture.
- Crafted with High Density Polyethylene (HDPE) wicker, the best quality material for synthetic wicker. It's made from material that is highly durable; will not easily crack, brake or chip. HDPE wicker has the color distributed throughout the material so it is fade resistant and waterproof and will not flake or peel off.
- HDPE wicker is infused with UV inhibitors to make it resistant to the damaging effects of the sun's rays Stain Resistant and able to withstand the harsh effects of chemical solvents
- Waterproof and able to withstand the harsh effects of all climates
- Eco-friendly and is 100% recyclable!
- Swivel Chair has 360° swivel for the comforting feeling of motion while seated
- Solution-dyed acrylic fibers are the ideal fabrics for UV resistance to sunlight. The color is actually part of the actual fibers produced, making it color-fast and water-resistant.
- The key benefits of Solution-Dyed fabric is excellent UV resistance to color fade, superior color consistency and easy cleanability. Because color is part of the fiber, the fabric has excellent color fastness, fade resistance and durability.
- Rated at the highest standard against UV rays with 2000 hours UV-treated Solution-Dying.
